

Dear Sponsor,

As we continue to move forward after the past few years of uncertainty, one thing has remained a constant for the youth in our community, youth sports. Being a part of something bigger than themselves, something that helps them grow and flourish in a small town is one of the many goals of little league. While many areas saw a decline in little league numbers, in Durham, we have been on a steady incline. Our kids have been showing up, as have our volunteers and sponsors like you.

As we gear up for the 2023 season, we are looking for Team Sponsorships to assist in the cost of new hats and uniforms for our players. Attached is the sponsorship form to complete and return to support our Durham youth athletes. Your sponsorship also assists with covering the costs of maintaining our fields, equipment expenses, All-Star Teams and more. This year your sponsorship sign will be displayed during the little league season and will continue to be up during the summer and fall adult coed softball season, giving you 7 months of advertising. We appreciate the opportunity to partner with you in supporting our Little League Program and we look forward to a great season of Durham Little League Baseball and Softball! If you'd like to donate toward this year's season in any way attached is the form to do so.

Please feel free to e-mail at sponsorships@DurhamLittleLeague.org with any questions.

Sincerely,
Durham Little League Board
